

Pristina International Airport "Adem Jashari" LIMAK Kosovo International Airport J.S.C.

SAFETY POLICY

Safety management is one of LIMAK KOSOVO International Airport J.S.C core business processes and is intended to prevent accidents and protect persons and property. At LIMAK KOSOVO International Airport J.S.C we promote this key feature and we give priority to safety over the commercial, operational, environmental, or social considerations.

By doing so, we generate confidence and trust among our customers and partners and lay a sound and vital foundation for our operating and business success.

Our management and staff are accountable and have the responsibility for achieving and maintaining a high level of safety standards all organization levels. To achieve this, it is our commitment to:

- ✦ Maintain an airport safety management system, which we will continuously improve by setting realistic safety targets and conducting regular safety level reviews.
- ✦ Provide the personnel and the financial resources required to ensure the effective implementation and observance of our safety policy.
- ✦ Define processes to identify hazards and keep the risks at Prishtina International Airport operations at a level as low as reasonably practicable (ALARP).
- ✦ Ensure that the personnel working at Prishtina International Airport receive basic and refresher training required to perform their duties and provide them with the best possible safety-relevant information.
- ✦ Promote an open and transparent safety culture at Prishtina International Airport – Adem Jashari.
- ✦ Maintain clear safety standards, which comply with national statutory obligations, national and international standards and best practices.
- ✦ Promote and continuously improve safety of operations at Prishtina International Airport – Adem Jashari in the interest of passengers, partners and airport staff.
- ✦ Ensure that any systems or services provided by third parties to support our airport operations also comply in full, with our safety requirements.

JUST CULTURE

It is essential that all hazards, incidents and occurrences to be reported in a timely manner.

LKIA will not initiate disciplinary action against an employee or contractor who reports a safety issue, violation, hazardous condition, error or near miss, or makes suggestions that seek to improve aviation safety, except in cases involving negligence, recklessness, violations, unlawful acts, or sabotage, where the reporter or employee is deemed responsible for those acts and/or violations.

At LIMAK KOSOVO International Airport J.S.C we believe that safety is vital for our success!
